GENERAL INFORMATION AND REQUIREMENTS

1. Purpose:

- 1.1 Four contracts were established for the acquisition of wireless communications services and devices, on an as needed, if needed basis for agencies located throughout the State of Missouri. The contract coverage area includes (17) rural service areas (RSA's), grouped into 9 Regions and six (6) metropolitan service areas (MSA's) for cellular/wireless service (**See Missouri Map – Contract by region ([Click Here](#))**). **The counties that each contractor supports are listed in paragraph 1 under each contract herein.** Contractor and the servicing locations are as follows:

CONTRACT NUMBER	CONTRACTOR	SERVICE	REGION COVERAGE
C202014001	Alltel Communications	Wireless	Region 11
C202014002	Cingular Wireless	Wireless	Regions 1, 2, 4, 6, 7, MSAs for Columbia, Joplin, Kansas City, Springfield, St. Joseph, and St. Louis, Regional (For Statewide Service) and Nationwide.
C202014003	Nextel Communications	Wireless/Push-To-Talk	Columbia, Joplin, Kansas City, Springfield, St. Joseph, and St. Louis
C202014004	U. S. Cellular	Wireless	Regions 3, 9, and 10

2. Approvals for Acquisitions, Calling Plan Revisions, and Waiver of Use of Mandatory Contracts:

- 2.1 Agencies are required to use the contract(s) referenced herein for their required cellular services unless a waiver is approved by the Office of Administration – Information Technology Services Division (OA/ITSD). All requests for new acquisitions of cellular telephones and calling plan changes, as well as a request for the waiver of the use of these mandatory contracts shall be sent to Sean Northweather, OA/ITSD, at sean.northweather@oa.mo.gov. Requests for the waiver of use of these mandatory contracts shall include justification and explanation of why the established contract(s) do not fulfill the agency's needs for cellular services. The requests also should include a complete description of the solution(s) that do fulfill the agency's needs (i.e. vendor name, monthly cost, minutes included in the plan, cost per minute when caller exceeds minutes included in the plan, number of plans/cellular phones, estimated total cost, etc.).

3. **Contract Periods/Renewals:** The initial contract periods were December 4, 2001 through December 3, 2002. The contracts will expire December 3, 2006. This is the final renewal period for the contracts.

4. Wireless Service Requirements:

- 4.1 The contractor shall provide free activation and disconnect service. The state is subject to taxes incurred during roaming outside of the home coverage areas.
- 4.2 The agency shall have the right to terminate wireless service at any time, for the convenience of the agency, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive just and equitable compensation for services and/or supplies delivered to and accepted by the agency pursuant to the contract prior to the effective date of termination.
- 4.3 The contractor shall not disconnect or suspend services without written notification to the state agency.

4.4 The contractor must provide long distance service. The state is able to choose the long distance carrier from among the available equal access wireless long distance PIC's for each individual phone.

4.5 Detailed billing must be included for all users in all calling plans.

5. Equipment Requirements:

5.1 All equipment provided through purchase or rental/lease shall be new, the most recent version, and in current production. All equipment must include a minimum one-year warranty that includes all parts and labor.

5.2 All equipment shall be provided ready to use, fully programmed and able to access wireless telephone services and the public switched telecommunications network (PSTN) throughout the continental United States.

5.3 Replacement of Damaged Product: The contractor shall be responsible for replacing any item received in damaged condition at no cost to the State of Missouri. This includes all shipping costs for returning non-functional items to the contractor for replacement.

6. Support Requirements:

6.1 Documentation: The contractor must supply the user documentation/operating manuals necessary to install, operate and maintain the products provided.

6.2 Installation: All installations must be completed within seven (7) business days and all technical issues must be resolved within two (2) business days unless otherwise specified by the agency.

6.3 Training: The contractor shall provide training for the user of the unit. Training shall include instructions regarding proper use, operation, and care of equipment at no additional cost to the State of Missouri.

6.4 Delivery: The contractor must deliver all services/supplies not later than seven (7) business days after receipt of order, unless otherwise specified by the agency.

6.5 Maintenance, Warranty and Repair: Repair or replacement and return of equipment must be accomplished within 48 hours, excluding holidays and weekends, of receipt of the defective equipment by the contractor. The contractor shall provide a toll free telephone number for users to report and resolve service and equipment problems.

6.6 Reporting Requirements: The state may request summary information reports from the contractor specific to any state agency's account. State requests for information shall be reasonable and limited to data contained in billing account records.

7. Invoicing and Payment Requirements:

7.1 All equipment and services for each agency shall be included on a single invoice or invoiced by location at the discretion of the state agency.

7.2 Invoices must be available on hard copy, and electronic formats; (i.e. CD ROM, internet, etc.), as requested by the agency.

7.3 Each monthly invoice shall consist of a summary page(s) for the account and an individual page(s) for each wireless telephone number. A single page must not contain the call records of more than one wireless telephone number. All long distance charges shall be included on this invoice. If the carrier's long distance service is selected for a wireless telephone, then all long distance charges shall be included with the carrier's monthly invoice.

- 7.4 The contractor shall not release invoices outside of agency organizations without the prior approval of the agency.
- 7.5 All billing invoices must be itemized so that the commodity/service and cost of the commodity/service can be identified. All charges must make reference to supportive detail. The billing shall make reference to the end user agency.
- 7.6 The following call detail information must be provided on all monthly invoices in no specific order for outgoing calls:
- Date, Time and Duration of Call
 - Airtime totals for peak and off-peak (if applicable)
 - Time of day indicator, peak and off-peak (if applicable)
 - Called number
 - Toll charges and miscellaneous usage charges (roaming, etc, when applicable)
- 7.7 The following incoming call detail information must be provided on monthly invoices in no specific order for incoming calls:
- Date, Time and Duration of Call
 - Airtime totals for peak and off-peak (if applicable)
 - Time of day indicator, peak and off-peak (if applicable)
 - Toll charges and miscellaneous usage charges (roaming, etc, when applicable)

Incoming call detail information should include the incoming caller's telephone number.

10. Wireless Priority Service:

WPS is the wireless complement to the wire line Government Emergency Telecommunications Service (GETS). GETS utilizes the Public Switched Telephone Network (PSTN) to provide enhanced wire line priority service to qualified personnel. WPS users are authorized and encouraged to use GETS to better their probability of completing their call during periods of wireless and wire line network congestion. WPS users should contact their agency GETS Point of Contact (POC) to request a GETS card or visit the GETS website at <http://gets.ncs.gov> for more information.

The following WPS qualifying criteria apply equally to all users and will be used as a basis for all WPS approvals/assignments. There are five WPS NS/EP criteria. Categories are:

Executive Leadership and Policy Makers
Disaster Response/Military Command and Control
Public Health, Safety and Law Enforcement Command
Public Services/Utilities and Public Welfare
Disaster Recovery

These criteria were selected to meet the needs of the emergency response community and provide access for the command and control functions critical to management of and response to national security and emergency situations, particularly during the first 24 to 72 hours following an event. WPS should only be requested for key personnel in NS/EP leadership positions. WPS is not intended for use by all emergency service personnel.

User agencies will be responsible for:

- One time WPS activation cost of \$10
- Monthly WPS service feature cost of \$4.50
- When WPS is invoked by dialing 272, a 75¢ per minute usage fee (WPS minutes are not charged against your basic service).

(WPS charges are in addition to your commercial plan and other feature, toll, and special service charges.)

11. Premier: CINGULAR will provide access to CINGULAR's web-based ordering portal called "Premier," that is intended to replace the Cingular Business Online web-portal.

12. Wireless Information Navigator (WIN) Advantage: Cingular will provide Wireless Information Navigator Advantage™ billing analysis tools.

4. U. S. Cellular's Calling Plans:

Local Calling Plans for Regions 3, 9 and 10:

BASE RATE PER MONTH	MINUTES INCLUDED IN BASE RATE	ADDITIONAL COST/MINUTE PEAK TIME	ADDITIONAL COST/MINUTE OFF-PEAK TIME
\$7.00	0	\$0.07	\$0.07
\$30.00	300 (PEAK) 1000 (OFF PEAK)	\$0.30	\$0.30
\$40.00	500 (PEAK) 1000 (OFF PEAK)	\$0.25	\$0.25
\$100.00	2200 (ANYTIME)	\$0.30	\$0.30
\$180.00	2500 (ANYTIME)	\$0.30	\$0.30

SEE NOTE BELOW

If a user on the \$18.00 plan does not use all minutes, the cost will not change. However, if the user transitions to the \$7.00 plan and uses 150 minutes, the cost would be \$17.50. If the user does not use the 150 minutes, the cost will of course be even less. The revised plans, as bolded above, have a larger foot print that includes St. Louis and Sedalia.

REGIONAL (FOR STATEWIDE SERVICE) CALLING PLAN PRICING FOR RSA 5 AND 6:

BASE RATE PER MONTH	MINUTES INCLUDED IN BASE RATE	ADDITIONAL COST/MINUTE PEAK TIME	ADDITIONAL COST/MINUTE OFF-PEAK TIME

\$100.00	1500 (ANYTIME)	\$0.30	\$0.30
\$140.00	2300 (ANYTIME)	\$0.30	\$0.30
\$200.00	3300 (ANYTIME)	\$0.30	\$0.30

NOTE: The new plans, as bolded above, include more minutes than previous plans and include Arkansas, Texas and Kansas as part of the home foot print. The new plans also include pooled minutes on the same account.

NATIONWIDE CALLING PLAN PRICING FOR RSA 5 AND 6:

BASE RATE PER MONTH	MINUTES INCLUDED IN BASE RATE	ADDITIONAL COST/MINUTE PEAK TIME	ADDITIONAL COST/MINUTE OFF-PEAK TIME
